Item 2: Action Taken Report on the decisions of the previous meeting of the Board held on 12th March 2014.

The Board discussed the agenda and noted the position brought out in the agenda note. As regards to medical relief to the retired employees and process to be adopted for removal of encroachment on Corporation’s land, the Board decided as under:

i. Amendment in RIICO Retired Employees Medical Relief Fund:
The Board was briefed about likely viability of medical relief fund to be created for the employees of the Corporation who have retired from the services from 1.4.1980 to 31.3.2010 and a comparison with the similar scheme in force at RSMM Ltd. It was concluded that with the contribution of Rs.20,000/- each retired employee + matching contribution from the Corporation for about 300 Nos. of retired employees; the corpus is unlikely to sustain for two years. However, the existing scheme for the benefit of employees who have retired on or after 1.4.2010 is reported to be viable. Board was also informed that none of the other State PSU has provided post-retirement medical relief to its employees. Moreover, the present financials of the Corporation do not support making additional contribution of Rs.10 Cr. for the purpose.

In view of above, the Board dropped the proposal to make additional contribution in RIICO Retired Employees Medical Relief Fund for the employees who have retired from the services from 1.4.1980 to 31.3.2010.

ii. Process to be adopted for removal of encroachment on Corporation’s land:

A status note on present encroachment, powers available with the Corporation for removal of encroachment, efforts so far made and the strategy for removal of encroachment was placed before the Board. The Board noted that as per the field survey, about 908 acre land is under encroachment which has been broadly categorized as less than 1 acre (26 cases), 1 acre to 10 acre (54 cases) and more than 10 acre (17 cases).

After discussion Board directed as under:

(a) The encroachments may broadly be categorized area-wise, those affected by court cases and nature of encroachment.

(b) Drive for removal of encroachment be prioritized as follows:
   i. Where large area affected by small encroachment;

   iv. Cases affected by court order/case.
Following preventive action be taken for ensuring minimal encroachment:
