Additional Conditions of Contract

1. Correction of arithmetic errors:-
   Provided that Financial Bid is substantially responsive, the Procuring Entity will correct
   arithmetical errors during evaluation of Financial Bids on the following basis, namely:-
   
   (a) if there is a discrepancy between the unit price and the total price that is obtained
       by multiplying the unit price and quantity, the unit price shall prevail and the
       total price shall be corrected, unless in the opinion of the Procuring Entity there
       is an obvious misplacement of the decimal point in the unit price,
       in which case the total price as quoted shall govern and the unit price shall be corrected;
   
   (b) if there is an error in a total corresponding to the addition or subtraction of
       subtotals, the subtotals shall prevail and the total shall be corrected; and
   
   (c) if there is a discrepancy between words and figures, the amount in words shall
       prevail, unless the amount expressed in words is related to an arithmetic error, in
       which case the amount in figures shall prevail subject to (a) and (b) above.

   If the Bidder that submitted the lowest evaluated Bid does not accept the correction of
   errors, its Bid shall be disqualified and its Bid Security shall be forfeited or its Bid
   Securing Declaration shall be executed.

2. Procuring Entity’s Right to vary Quantities:-
   (a) At the time of award of contract, the quantity of Goods, works or service
       originally specified in the Bidding Document may be increased or decreased by
       a specified percentage, but such increase of decrease shall not exceed twenty
       percent, of the quantity specified in the Bidding Document. It shall be without
       any change in the unit prices or other terms and conditions of the Bid and the
       conditions of contract.
   
   (b) If the procuring Entity does not procure any subject matter of procurement or
       procures less than the quantity specified in the Bidding Document due to change

   (c) In case of procurement of Goods or services, additional quantity may be
       procured by placing a repeat order on the rates and conditions of the original
       order. However, the additional quantity shall not more than 25% of the value of
       Goods of the original contract and shall be within one month from the date of

   As a general rule all the quantities of the subject matter of procurement shall be
   procured from the bidder, whose Bid is accepted. However, when it is considered that
   the quantity of the subject matter of procurement to be procured is very large and it
   may not be in the capacity of the Bidder, whose Bid is accepted, to deliver the entire
   quantity or when it is considered that the subject matter of procurement to be procured
